

R744.com Testimonials

“Temprite's partnership with R744.com is proving to be very beneficial in creating new business relationships and in generating technical opportunities.”

James Nonnie, Vice President, Temprite Company

“Because R744.com is the most authoritative resource on the Internet in advocating CO2 applications and components, joining it is strategic for us.”

Alessandro Mandelli, After Sales Engineer, Frascold

“We are proud to join the community of those working on the cutting edge of the impending worldwide refrigeration industry revolution towards CO2.”

Brent Hoare, Green Cooling Council

“Modine is pleased to be joining R744.com at this important time in the development and introduction of CO2 technology.”

Brian E. Lee, Global Managing Director, Modine Passenger Thermal Management

“Shrieve is excited about its participation in R744.com. This forum provides an essential information exchange and will be of great benefit to our company.”

Phil Beckler, President, Shrieve

R744.com is an exceptional connection point between supporters, developers & users of the next generation of high-performance, green refrigeration & heating technologies.

Desmond Aubery, adTherm Technology, Consulting Engineer

“It is the most serious and complete forum for R744 debates and information.”

Marcos Campos, Visteon Automotive System, Product Application Manage

“R744.com is our indispensable tool to know the world, and to get the world to know us.”

Hiroataka Ito, President, Nihon Itomic

“Their use of web-based discussion, the regular news updates and the library of information available are very impressive.”

Andy Pearson, Managing Director, Contracts, Star Refrigeration

“I think this new partnership will permit us to strengthen our leading position in the CO2 compressors market giving more visibility for us.”

Giacomo Pisano, CO2 compressor Product Manager, Dorin

“R744.com and Witzenmann hoses - the flexible links for CO2!”

Wolfgang Riemensperger, AC Hose Manager, Witzenmann

“R744.com has proven to be the single best source of information in both quality and quantity on this rapidly emerging technology. A superb delivery vehicle.”

George Kurowski, Red River College, R/AC Instructor

“Because is the best homepage related to the network of CO2-mobile air conditioning.”

Markus Schwerdtfeger, KACO GmbH, Business Unit Manager

To get in contact with competent and knowledgeable people and improve my network within R744.

Sören Friis-Hansen, SWEP International AB, Sr Strategic Key Account Manager
